

 SHOP SIZE- 20 SQM/215 SQF

# PASTRY SHOP

The **French pastry** shop, located within the airport **food court**, reflects the brand's identity through furnishings that translate its **aesthetic and functional values**. In a fast-paced, “**grab-and-go**” context, the space stands out for its **immediate recognizability**: the Art Deco-inspired pattern and logo become key identity elements that capture attention and convey the brand's elegance. Coherent materials, colors, and geometries create a refined and contemporary environment, combining operational efficiency with a **strong visual** presence within the airport setting.

## MOODBOARD

Every detail of the interior tells the **story of the brand**, where the memory of **Art Deco** intertwines with a sense of **contemporary elegance**. The brand's **signature blue** takes center stage, blending with light surfaces and metallic reflections to create a refined, timeless atmosphere. Along the walls, alternating **blue and white stripes** evoke the charm of a small **tea room from another era**, reinterpreted with a modern eye to attract, welcome, and stand out. A space that celebrates the tradition of **French pastry** with **modern lightness** and **impeccable taste**.

## FLOOR PLAN

The layout is designed to meet the **needs of a high-traffic** airport environment. The space allows for **quick and efficient service**, with **dedicated areas for packaging gift items** — products conceived to be easily purchased and carried along the journey.

## LAY-OUT

In just **215 sqf**, the design makes the most of every inch, **creating a functional and distinctive space**. The display area invites customers to explore and **enjoy the products** on the spot, while the **refrigerated pastry display case**, designed at an **inclusive height**, welcomes children and wheelchair users alike. Every element of the interior is crafted to showcase the products in their packaging, **turning the small pastry shop into an experience of discovery and quality**, where every detail reflects care and style.

# 3M

# DI-NOC™

**3M™ DI-NOC™ Architectural** E-Series PO Polyolefin Film are film surface finishes that give you a range of choices as you pursue your sustainability goals. These films are made with approximately 99.5% non-PVC (non-vinyl) materials, and do not contain more than 0.5% of a polyvinyl chloride-based component. **These finishes are available in various patterns and textures – wood, plaster, concrete and more, and are a great way to upgrade your interior look without all the disruption.** 3M™ Comply™ Adhesive technology virtually eliminates air bubbles, simplifying and speeding up the application process.

**Catalogue 3M Di - NOC**

## TOTAL CUSTOMIZATION

With TekneItalia, every piece of furniture becomes a **unique expression of your brand**. **Integrated “under-surface” digital graphics, stencil techniques, and glossy or matte finishes are just some of the available options.** Thousands of combinations of materials, colors, and details allow you to create truly tailor-made solutions, with no limits to customization.

## PROMINENT DETAILS

**Laser-engraved details add depth and personality to the furniture**, with the option to be painted or finished with an elegant 24-carat gold plating. **Custom-made**, these exclusive elements transform any space, making your venue unique and **instantly recognizable**.
